December 3, 1992

Mr. John Young
Salt Lake County Plan Review Section
2001 South State, N3600
Salt Lake City, Utah 84190-4050

Dear Mr. Young:

Re: Request for Recommendation, Interstate Brick Company, Big Cottonwood Mine Site Rezoning, M/035/003, Salt Lake County, Utah

The Division received a request for recommendation, File Number 89-4-43, Zoning Amendment PL-89-4043, with attached drawings, on September 21, 1992. After a subsequent phone conversation with you on November 2, 1992, it was discovered that this request was not a duplication of a previous request.

The Division views this site as an unreclaimed mine site which must be reclaimed for the post mine land use of native rangeland/wildlife habitat. After the mine operator has been released from further reclamation by the Division, the Division's regulatory authority over that land, under the Minerals program, ends. The Division's position in this matter has not changed since the previous recommendation request. For that reason, please find attached, a copy of the Division's August 31, 1992 letter in response to your request.

If you require further information in this regard please contact me or Wayne Hedberg.

Sincerely

Anthony A. Gallegos
Reclamation Engineer
